Doormats Clean System Ryps Plus are made of aluminum with Ryps Plus insert (Polyamid). Profiles are coupled with stainless steel cord. Aluminum profiles are separate with rubber spacers. Construction allow us to easy roll for clearing and transporting the mat. Under aluminum profile is dumping tape.

Free space between aluminum profiles can have between 3 mm and 4,5 mm. Construction of doormats allow us to manufacture mats in any dimensions and shapes. Width of the mat is obtained as a result of cutting the profiles. Length is obtained as a result of adding aluminum profiles and squeezing rubber spacers.
